

Correlation of Just Science Grammar: Grade 3
Published by WriteMath Enterprises, Inc
Sunshine State Standards for Science for Grades 3 – 5
Sunshine State Standards for Language Arts for Grades 3 - 5
Florida Department of Education

**Prepared by Jamie Francis, Independent Consultant and Orange County Public Schools
Teacher**

This document provides suggested alignment of WriteMath Enterprises, Inc Just Science Grammar: Grade 3 activities with Sunshine State Standards for Science for Grades 3 – 5 and Sunshine State Standards for Language Arts for Grades 3 – 5 as determined by the Florida Department of Education. A summary of the Sunshine State Standards for Science for Grades 3 – 5 and for Language Arts for Grades 3 – 5 can be found on Page Two and Three, respectively. The pages following provide a detailed outline of the sections of Just Science Grammar: Grade 3 aligned with Sunshine State Standards for Science and Language Arts for Grades 3 – 5.

The suggested alignment represented by this document is not static. Many of the exercises contained within the WriteMath Enterprises, Inc curriculum align with more than one standard. Most exercises can also be altered slightly to align with more standards. To view the Florida Department of Education Sunshine State Standards online visit <http://www.firn.edu/doe/curric/prek12/index.html>

This document is formatted in the following:

Week number, page numbers

Brief description of what the above listed week (chapter) covers

**Florida Department of Education
abbreviation for suggested Sunshine State
Standard for Science**

Description of Sunshine State Standard that
aligns with above listed week

**Florida Department of Education
abbreviation for suggested Sunshine State
Standard for Language Arts**

Description of Sunshine State Standard that
aligns with above listed week

Overview of Sunshine State Standards for Science
Grades 3 – 5
Florida Department of Education

A. The Nature of Matter

1. The student understands that all matter has observable, measurable properties.
2. The student understands the basic principles of atomic theory.

B. Energy

1. The student recognizes that energy may be changed in form with varying efficiency.
2. The student understands the interaction of matter and energy.

C. Force and Motion

1. The student understands that types of motion may be described, measured, and predicted.
2. The student understands that the types of force that act on an object and the effect of that force can be described, measured, and predicted.

D. Processes that Shape the Earth

1. The student recognizes that processes in the lithosphere, atmosphere, hydrosphere, and biosphere interact to shape the Earth.
2. The student understands the need for protection of the natural systems on Earth.

E. Earth and Space

1. The student understands the interaction and organization in the Solar System and the universe and how this affects life on Earth.
2. The student recognizes the vastness of the universe and the Earth's place in it.

F. Process of Life

1. The student describes patterns of structure and function in living things.
2. The student understands the process and importance of genetic diversity.

G. How Living Things Interact with Their Environment

1. The student understands the competitive, interdependent, cyclic nature of living things in the environment.
2. The student understands the consequences of using limited natural resources.

H. The Nature of Science

1. The student uses the scientific processes and habits of mind to solve problems.
2. The student understands that most natural events occur in comprehensible, consistent patterns.
3. The student understands that science, technology, and society are interwoven and interdependent.

Overview of Sunshine State Standards for Language Arts
Grades 3 – 5
Florida Department of Education

A. Reading

1. The student uses the reading process effectively.
2. The student constructs meaning from a wide range of texts.

B. Writing

1. The student uses writing processes effectively.
2. The student writes to communicate ideas and information effectively.

C. Listening, Viewing, and Speaking

1. The student uses listening strategies effectively.
2. The student uses viewing strategies effectively.
3. The student uses speaking strategies effectively.

D. Language

1. The student understands the nature of language.
2. The student understands the power of language.

E. Literature

1. The student understands the common features of a variety of literary forms.
2. The student responds to fiction, nonfiction, poetry, and drama.

Week 1, pages 2 – 7

Types of sentences

SC.A.1.2

The student understands that all matter has observable, measurable properties.

Week 2, pages 8 – 13

Types of sentences

SC.A.1.2

The student understands that all matter has observable, measurable properties.

Week 3, pages 14 – 19

Sentence information

SC.A.1.2.2

The student knows that common materials (e.g., water) can be changed from one state to another by heating and cooling.

Week 4, pages 20 – 24

Predicates

SC.B.1.2.2

The student recognizes various forms of energy (e.g., heat, light, and electricity).

Week 5, pages 25 – 28

Subjects

SC.B.1.2.4

The student knows the many ways in which energy can be transformed from one type to another.

Week 6, pages 29 – 33

Nouns

SC.B.1.2.6

The student knows ways that heat can move from one object to another.

Week 7, pages 34 – 37

Nouns

SC.D.2.2.1

The student knows that using, recycling, and reducing the use of natural resources improve and protect the quality of life.

Week 8, pages 38 – 43

Common and proper nouns

SC.B.2.2.3

The student knows that the limited supply of usable energy sources (e.g., fuels such as coal or oil) places great significance on the development of renewable energy sources.

Week 9, pages 44 – 49

Singular and plural nouns

SC.C.1.2.2

The student knows that waves travel at different speeds through different materials.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds, and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

Week 10, pages 50 – 55

Action verbs

SC.C.1.2.2

The student knows that waves travel at different speeds through different materials.

Week 11, pages 56 – 61

Linking verbs

SC.C.1.2.2

The student knows that waves travel at different speeds through different materials.

Week 12, pages 62 – 67

Helping verbs

SC.C.2.2.1

The student recognizes that forces of gravity, magnetism, and electricity operate simple machines.

Week 13, pages 68 – 71

Verbs

SC.C.2.2.1

The student recognizes that forces of gravity, magnetism, and electricity operate simple machines.

Week 14, pages 72 – 77

Verb tenses and forms

SC.C.2.2.2

The student knows that an object may move in a straight line at a constant speed, speed up, slow down, or change direction dependent on net force acting on the object.

Week 15, pages 78 – 85

Irregular verbs

SC.E.1.2.4

The student knows that the planets differ in size, characteristics, and composition and that they orbit the sun in our Solar System.

Week 16, pages 86 – 89

Verb tenses

SC.E.1.2.1

The student knows that the tilt of the Earth on its own axis as it rotates and revolves around the sun causes changes in season, length of day, and energy available.

Week 17, pages 90 – 94

Subject-verb agreement

SC.E.1.2.1

The student knows that the tilt of the Earth on its own axis as it rotates and revolves around the sun causes changes in season, length of day, and energy available.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

Week 18, pages 95 – 100

Pronouns

SC.D.1.2.3

The student knows that the water cycle is influenced by temperature, pressure, and the topography of the land.

Week 19, pages 101 – 105

Pronoun-verb agreement

SC.D.1.2.5

The student knows that some changes in the Earth's surface are due to slow processes and some changes are due to rapid processes.

Week 20, pages 106 – 112

Adjectives

SC.G.1.2

The student understands the competitive, interdependent, cyclic nature of living things in the environment.

Week 21, pages 113 – 116

Adjectives

SC.G.1.2.1

The student knows ways that plants, animals, and protists interact.

Week 22, pages 117 – 122

Adverbs

SC.F.1.2.2

The student knows how all animals depend on plants.

Week 23, pages 123 – 129

Comparative and superlative adjectives

SC.G.1.2.2

The student knows that living things compete in a climatic region with other living things and that structural adaptations make them fit for an environment.

Week 24, pages 130 – 135

Comparative and superlative adjectives

SC.F.1.2.3

The student knows that living things are different but share similar structures.

Week 25, pages 136 – 141

Possessive nouns

SC.G.1.2.3

The student knows that green plants use carbon dioxide, water, and sunlight energy to turn minerals and nutrients into food for growth, maintenance, and reproduction.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

Week 26, pages 142 – 147

Possessive pronouns

SC.G.1.2.3

The student knows that green plants use carbon dioxide, water, and sunlight energy to turn minerals and nutrients into food for growth, maintenance, and reproduction.

Week 27, pages 148 – 152

Prepositions

SC.F.1.2.3

The student knows that living things are different but share similar structures.

Week 28, pages 153 – 157

Prepositional phrases

SC.F.1.2.3

The student knows that living things are different but share similar structures.

Week 29, pages 158 – 162

Object pronouns

SC.F.1.2.3

The student knows that living things are different but share similar structures.

Week 30, pages 163 – 166

Parts of speech

SC.G.1.2.2

The student knows that living things compete in a climatic region with other living things and that structural adaptations make them fit for an environment.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.

LA.D.1.2.1

The student understands that there are patterns and rules in the syntactic structure, symbols, sounds and meanings conveyed through the English language.
